Our Fight is For Freedom

Conservatives are Being Censored

We are engaged in a civil war of ideas, fighting for the hearts and minds of young Americans. This battle would be hard enough if the playing field was level, but it’s not.

YouTube, which specializes in video sharing, is the second most-used social network site behind Facebook. It is owned by Google, the most widely used internet search engine. Google/YouTube has restricted access to over 100 PragerU videos, keeping us from being seen by the very audience we seek to reach: young people.

How?

They label PragerU videos as “objectionable.”

Videos labeled as objectionable can’t be seen when YouTube is in “restricted mode.” Parents, schools, and places of employment use restricted mode in order to block inappropriate, violent and sexual content.

Clearly, PragerU videos contain nothing objectionable, but they do contain conservative ideas, a real threat to leftist ideology. That is why PragerU filed suit against Google/YouTube in October 2017 - a battle that continues today.

In 2019 PragerU filed a second lawsuit in California state court. For more details about this ongoing case visit: www.prageru.com/youtube

Our New Mobile App

What do you do when YouTube censors your videos? You go around them. In 2019, PragerU launched a new mobile app that allows people to view our entire library of videos, streamed right from PragerU’s own servers. It allows us to present our videos Free of Censorship and Free of Charge so our audience can always access our content.

Notable In-App Features:

HOMESCREEN
Our most recent and relevant videos are available directly on the homescreen.

FAVORITES & WATCHLIST
Save videos to your favorites or add them to your watchlist to view at a later date.

MAKE A DONATION
Donate in-app using Apple Pay or Google Pay.

NOTIFICATIONS & ALERTS

Not only are we being targeted on YouTube, but The Southern Poverty Law Center (SPLC) has named PragerU on its "Hatetrack" blog. Subsequently Twitter and Spotify won’t allow us to advertise on their platforms.

We are the front-runner for conservative online media, but there is still a lot of work to do in order to catch up to the left.

How does PragerU’s audience compare to other organizations? (in millions)

PragerU’s strategic plan could reach millions more people with an annual budget of $30 million.
